*Pouilly Fumé*

*Our Family has been winegrowers in Pouilly sur Loire for six generations. This Cuvée is a blend of three terroirs : Limestone (50%), kimmeridgian Marls (40%), and Flint (10%).*

*The nice balance acidity/sugar and the homogeneity of the grapes maturity allow a very pleasant expression of the sauvignon.*

*This Cuvée reveals aromas of citrus fruits and white fruits (pear, white peach) with a mineral note ("flint" taste) typical of the appellation.*
