## *Pouilly Fumé* *Cuvée 3*

*This is our third Cuvée, created after the birth of our third child and reflecting the three terroirs of our Domain : fruitiness of the limestone, aromatic strength of the kimmeridgian marls and minerality of the flint. The maturing in 500 liters oak barrels reveals the typicity of this wine.*

*This Cuvée is the result of a selection of high quality grapes. The mouth is very ample, the wood remains discreet (notes of roasted almond, vanilla) and blends pleasantly with the fruitiness of the Sauvignon.*

*Flavours of citrus fruits, white flowers, vanilla and orange peel express a nice olfactory complexity. The typical minerality of our terroirs is even sublimed by the barrels ageing.*
